

HOW DO I WWP CONNECT?

WWP Connect is Wounded Warrior Project's official online community. Create your profile today to get the latest news about WWP and connect with other WWP Alumni!

Here's how you do it:

Sign In using your WWP account at <http://alumni.woundedwarriorproject.org/>

- If you don't already have a WWP account, click the "Create An Account" link at the top of the page. Once you have created your WWP account, you will be able to perform an Alumni registration, which will grant you access to our Alumni website and WWP Connect.
- If you have forgotten your WWP account password, there are links to reset your password anywhere you are asked to sign in.
- Click on the WWP Connect tab at <http://alumni.woundedwarriorproject.org/> to access WWP Connect.

If this is your first time visiting WWP Connect, you will be asked to create a community profile.

Next, get in the RED to connect with WWP and your fellow warriors:

- Go to **MEMBERS** and find WWP staff and other warriors you know! Re-connect with Alumni from previous WWP events, or meet new warriors in your area!
- Go to **GROUPS** and join groups to connect with WWP programs and events. Find others who share similar interests, served in the same locations, or attended WWP events with you.
- Go to **EVENTS** and find out about ways that you can get involved in local events in your area.
- If you have questions and need answers, go to **FORUMS** and post a question for WWP Connect.
- Help us get to know you better by creating a **PHOTO ALBUM** in your profile.
- Share photos from recent WWP events by adding your photos to the **GROUPS PHOTO ALBUM**.

If you have any feedback or technical issues with WWP Connect, email:
